Play On! The Wizarding World

Drama

Inspired by the popular books and movies, Harry Potter, we'll use improvisation to create our own version. Please read a book from the series prior to attending camp. Play On! Drama Ensembles encourage improvisation and teach skills related to story development, character creation and beginning dialogue creation. The plays are either adapted from favorite stories or created from scratch using Play On!'s unique play creation techniques. Students help design and paint the backdrops and choose costumes and props. Because the plays are created within the class, no two are alike.
